

Calf Nutrition

Cutting-edge programs and nutrition to help you drive change and create a competitive advantage

ABOUT NUTRITION SERVICE COMPANY

Nutrition Service Company is focused on helping Wisconsin's dairy farmers achieve their goals. Our industry-leading calf feeds combine our own flaked corn and pellets with other highly bio-available ingredients. We offer calf starters and growers that incorporate Bovatec®, Deccox® and monensin. Through our manufacturing system, we can produce both bulk calf feed loads and bags, giving us the flexibility to serve a variety of needs.
